

High Power PoE Splitter 12V

UPE5600-HST Quick Installation Guide

UPE5600-HST is a high power PoE Splitter 12V for use in Power over Ethernet systems. With Ethernet Input (data + power) port and Output (data only) port, UPE5600-HST may split power from existing LAN cable and convert up to 12VDC / 2.5A for power hungry applications such as Wireless Access Points, Security Cameras, and IP Phones. The internal current limit, short-circuit and overload protection are implemented to provide up to 12VDC / 2.5A for use of DC output power.

UPE5600-HST can work in pair with UPE5600-HIT, a high power PoE Injector, to deliver up to 12VDC / 2.5A for use of high power devices. UPE5600-HST itself is powered by UPE5600-HIT and so requires no separate power connection in the middle of the cable, making it extremely easy to connect and power IP cameras.

Advantages:

- 12VDC 2.5A High Power PoE Power Splitter
- Split Power Over Ethernet (POE) to remote devices
- Ethernet 100Mbps Wire Speed
- Simple to install – Plug & Play

Technical Specifications:

LAN Interface:

- IEEE 802.3x, Auto-Detection for 10/100BaseT and full/half duplex
- Standard CAT 5 cable
- Automatic MDIX function
- RJ-45 Connector x 2

● POWER:

- OUTPUT: DC12V/2.5A at full load

LED Indicators:

POWER: Power is ON

Regulations & Approvals:

FCC Rules Part 15 Class A

CE

Physical Dimension:

WxDxH: 120 x 90 x 28 (mm)

Operating Environment:

- Humidity: 5% to 90% non-condensing
- Temperature: 0 ~ 50 degree C
